3/13/80

Dear Dave,

In catching up on some filing I came accross the picture you asked me to have maade into a negative for you. I've not heard from you.

I'm not worried that you'll beat me out of $3.00 (and I do think that when this cost so much less than you expected you should do something for the student who had to make two trips of about 45 minutes (20 miles on her car and an hour and a half).

But you should have let me know that you go the negative.

I did have it handled as promptly as possible for you.

Sincerely,
